## SUMMARY

Ambitious **Full Stack Web Developer** with a background in Sales and Management and a life-long dedication to learning. Am a **team-player** with a proven track record in customer service and communication within a team. Proficient in the **MERN Stack**; flexible, fast learner bringing curiosity and passion to every project.

## TECHNICAL SKILLS

**Programming Languages:** JavaScript (including ES6+), HTML5, CSS3
**Frontend Development:** ReactJS, Bootstrap, JQuery, AJAX, responsive design principles
**Backend Development:** Node.js, Express.js, creating and using RESTful APIs
**Database Technologies:** MongoDB, Mongoose, MySQL
**Version Control and Collaboration Tools:** GitHub, GitLab
**Development Tools and Environments:** Visual Studio Code, npm, webpack, Babel
**Testing and Debugging:** Jest, Postman

## PROJECTS

**Luna Sleep Tracker**
https://mathilde-01.github.io/luna-sleep-tracker/
https://github.com/mathilde-01/luna-sleep-tracker
- *A sleep tracking app that both allows the user to update their schedule, as well as enter and track sleep hours. Tracks moon luminosity and adjusts display accordingly. All built in front end, uses local storage.*
- *Role on team - HTML structure, used Bulma framework for forms*

**Game Harbour**
https://game-harbour-123-8c07ddc3abc7.herokuapp.com/
https://github.com/Akusluch/Game-Harbour
- *An application for searching and tracking your favorite games based on the platform.*
- *Role on team - backend focus, routes, model manipulation, GiantBomb API*

**Pixel Paws**
https://github.com/mathilde-01/pixel-paws
https://pixel-paws-n6iq.onrender.com
- *An MERN stack application for taking care of a 3D digital pet companion. Health, sleep, hunger, happiness are tracked as users must check with their pets.*
- *Role on team - focused on backend, typedefs, resolvers, models.*

**Co-Manager**                                                          2021 – 2024
**84 Lumber**                                                           Claymont, DE

*After being promoted from Management Trainee to Co-Manager at a store with $50 million in annual sales, I played a pivotal role in overseeing onboarding and training, managing front-end sales, and handling stock/inventory along with tracking purchase orders. I effectively managed vendor relations and optimized staff scheduling to ensure operational excellence. Demonstrated strong leadership, critical thinking, and communication skills through daily operations and strategic initiatives.*

**Key Accomplishments:**

- *Leadership in Training & Development: Spearheaded a structured onboarding and training program that accelerated new employee integration, improving overall team efficiency and performance.*
- *Sales Growth & Operational Improvements: Drove significant enhancements in front-end sales strategies and inventory management, leading to measurable improvements in revenue and operational efficiencies.*
- *Vendor Relations & Cost Savings: Optimized vendor negotiations and relations, resulting in notable cost reductions and improved supply chain reliability.*
- *Scheduling System Enhancement: Innovated scheduling practices to better align with customer demand, increasing service levels while effectively managing labor costs.*

## EDUCATION

***Full Stack Web Development Boot Camp Certificate:*** *University of Pennsylvania, Philadelphia, PA*
An intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS.

***Associates of Arts:*** *SUNY Broome, Binghamton, NY*
